PREAMBLE

Policies are defined as the basic rules that guide administrative action for accomplishing an organization's objectives. Comprehensive and clearly defined policies consistently and fairly administered, are essential to the success of any organization.

This manual contains policies set forth for the Carroll County Board of Developmental Disabilities. Personnel charged with the responsibility of administering policy must be thoroughly knowledgeable of its contents. Furthermore, it is essential that these policies be administered in a systematic, fair and impartial manner.

Undoubtedly, there will be situations that will require administrative interpretations of these policies. Every effort shall be made to ensure that such decisions are made objectively, with the general intent of the policy in mind.

As conditions shift, it may be necessary to add, delete, or revise specific policies. Updated policies must be issued to all manual holders and communicated to all affected staff members.

This personnel policy manual is a guide to be utilized by the management of the Carroll County Board of Developmental Disabilities to ensure uniformity and nondiscriminatory application of the conditions of employment. In the event there is a conflict between the matter expressed in this manual and any other applicable laws or documents, the applicable law or full extent of the written documents prevails. Due to the nature of Ohio Revised Code and Ohio Administrative Code changing and being revised all reference to Code numbers have been removed.

The employment of individuals in certain positions is governed by a negotiated collective bargaining agreement and grants. For these positions, the collective bargaining agreement represents the conditions of their employment by grant employee contracts. On any item in which the agreement is silent, these personnel policies will prevail. For grant employees, their contracts will cover issues of wages, hours, terms and conditions. The employees covered by the collective bargaining agreement take part and have input in the personnel policies and procedures through the negotiation of the collective bargaining agreement. Employees excluded from collective bargaining are encouraged to give their input to these policies through their supervisors and the Superintendent.

This manual is the property of the Carroll County Board of Developmental Disabilities. Upon separation from employment, this manual is to be returned to the Board.

SECTION 2.17: REASONABLE ACCOMMODATION FOR DISABLED EMPLOYEES AND THE PUBLIC (ADA Act of 1990)

- A. In support of the Americans with Disabilities Act of 1990, the Carroll County Board of Developmental Disabilities affirms its position that qualified individuals with a disability shall be assured equal opportunities in employment, public accommodations, transportation, and telecommunications.
- B. A person with a disability includes:
 - 1. An individual with a physical or mental impairment that substantially limits that person in some major life activity;
 - 2. An individual with a record of such physical or mental impairment; and
 - 3. An individual who is regarded as having such impairment.
- C. **DISABILITY**
 - 1. The severity of the impairment must substantially limit a major life activity such as walking, talking, seeing, hearing, breathing, learning or working in order to be considered a disability.
 - 2. Disabling conditions include but are not limited to: orthopedic conditions; vision, speech or hearing impairment; cerebral palsy; AIDS; epilepsy; muscular dystrophy; multiple sclerosis; cancer; heart disease; diabetes; and mental retardation; as well as those regarded as having a physical or mental impairment such as burn victims. Disabling conditions that are contagious diseases are included so long as they do not pose a current, direct threat to health and safety in the workplace.

Excluded from the definition of a disability for the purpose of this policy are individuals who are current users of illegal drugs, although protected are those who have overcome drug problems, including those who are participating in a rehabilitation program and who are currently drug-free. Also excluded are those individuals with certain sexual and behavioral disorders.

A "qualified individual with a disability" is one who, with or without reasonable accommodations can perform the "essential functions" of the job. Essential functions are those included in the job descriptions and are the primary job duties. They are essential because they are the reason the position exists.
- D. The Carroll County Board of DD will not discriminate against qualified individuals with a disability in regard to:
 - 1. Job application, hiring, advancement, discharge, compensation, training or other terms, conditions or privileges of employment.
 - 2. Reasonable accommodation, which is one that will enable an otherwise qualified individual with a disability to perform the essential functions of a job.
 - 3. Removal of structural, architectural and communication barriers in existing facilities where such removal is easily accomplished without much difficulty or expense; and/or making reasonable modifications to policies or procedures and to offer auxiliary aids to individuals with disabilities so they perform the essential functions of their job.

4. Providing required telecommunications systems for the deaf or speech impaired individual.
- E. "Reasonable Accommodation" may include:
1. Making existing facilities used by employees readily accessible to and usable by individuals with disabilities.
 2. Job restructuring, part-time or modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustments or modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and similar accommodations; and
 3. Any modification to a job application process that permits a disabled person to be considered for a position and that will not impose undue hardship.
- F. "Undue Hardship" in general means an action requiring significant difficulty or expense, when considered in light of the factors enumerated below. In determining whether an accommodation would pose an "undue hardship" on the Board, factors which would be considered include:
1. the nature and cost of the accommodation;
 2. the overall financial resources of the Board, the number of persons employed and the impact of such accommodation upon the operation of the Board;
 3. the overall financial resources of the program; and
 4. the type of operation within the Board.
- G. If the disabling condition affects the employee's ability to perform the essential functions of the job, the Carroll County Board of DD will make reasonable accommodations so the employee can perform the essential functions of the job.
- H. An employee with a qualifying disability may work as long as he/she is physically and mentally able to perform the essential functions of the job without undue risk to himself/herself, other employees, consumers or the public. If an employee is incapable of performing the essential functions of the job, with or without accommodation, he/she may be, in the following sequential order:
1. Transferred to a vacant position where he/she can perform the essential functions of the job with or without reasonable accommodation;
 2. Placed in a position in a lower classification where he/she can perform the essential functions of the job with or without reasonable accommodation;
or
 3. Granted a disability separation.
- I. An employee or applicant with a disability is NOT REQUIRED to inform the Board of the condition. Should the individual require accommodation to perform the essential functions of the job, or complete the application and selection process, he/she may discuss any necessary accommodation with the supervisor or the Superintendent.
- J. An employee requesting accommodation must provide the Superintendent any medical records required to make decisions regarding job assignment and accommodation.

- K. The Superintendent may require a doctor's certification of an employee's ability to safely perform the essential functions of the job. The Board requires that their workers not pose a threat to the health and safety of other individuals in the Board's programs.
- L. Employees with disabilities will be accorded equal access to the same health coverage the Board provides to other Board staff in the same or similar positions.
- M. The Carroll County Board of DD supports educational programs through in-services and other information sharing that enhance employee awareness and understanding of disabling conditions.
- N. Any applicant, employee, parent or interested person who believes a disabled person has been discriminated against under this policy may make a written complaint of discrimination to the EEO Coordinator. If the action of the EEO Coordinator is unsatisfactory, a complaint may be filed with the Equal Employment Opportunity Commission

SECTION 2.18: EMPLOYMENT PROCEDURES

- A. It is the policy of the Carroll County Board of Developmental Disabilities to employ persons who are qualified or trainable for employment by the fair standards of physical fitness, education, experience, aptitude and character for the position of employment available. Every effort will be made to place new employees in positions which will best utilize their abilities and in which they will be able to achieve both personal satisfaction and opportunity for growth.
- B. All decisions are made solely on the basis of job-related criteria. Interviews and certification screening will be done by the Superintendent or his/her designee, as appropriate. Qualified applicants will then be interviewed. All hiring will be done by the Superintendent.

Any job-related testing procedures will be administered in an objective manner. If an individual has a disability, the test will be administered in a manner that ensures the results reflect the skills, aptitude or other factors to be measured rather than the impaired skills. Only job- related skills will be evaluated. A minimum of three (3) documented reference checks will be attempted before a candidate can be recommended for employment.

In order to be considered for employment, applicants for the position of bus driver shall meet the minimum requirements as outlined in Section 2.04 of this policy manual.

- J. When a position becomes vacant, and the Superintendent decides to fill the position the position will be posted for five (5) working days. If a qualified current employee wishes to transfer to the vacant position, he/she shall notify the Superintendent.

To this end, the Board creates and maintains a consistent approval process for the rehiring of former employees, or non-employees who have retired through one of the state retirement systems. Employees who retire from the organization in good standing may be eligible for consideration for rehire if they provided the appropriate notice of retirement; participated in an exit interview; and received performance evaluations that reflected the employee's performance consistently exceeds the requirements of the job. Reemployment after retirement or separation is not an entitlement and will at the discretion of the Superintendent. It is required under ORC 3307.353 that a public notice be placed in the local paper not less than 60 days before reemployment and a public hearing held 15 to 30 days before reemployment for any position that pays into State Teachers Retirement System.

SECTION 3.02: PERFORMANCE EVALUATION PROGRAM

A. General.

1. The performance evaluation program of the Carroll County Board of Developmental Disabilities is intended to be a system of communication between the supervisors and staff members. The ratings are used in considering candidates for promotion and also as a basis for the continuance or discontinuance of employment.
2. When an evaluation review is completed, said rating shall be reviewed and discussed by the supervisor and the staff member. The staff, at this time, will be asked to sign the evaluation as acknowledgment that he has read the evaluation. The staff member's signature on the evaluation does not signify agreement or disagreement with the rating and reviews. The Superintendent will assure the staff member receives a copy of the completed evaluation for any appropriate action; this procedure assures the staff member has a copy of the evaluation and no other comments after the conference may be added to the evaluation.

B. Types of Ratings.

1. Probationary Period Ratings.

- a. Probationary staff should be rated twice during the probationary period. The first rating should be made before the end of the first half of the probationary period. The final rating is to be made during the last half of the probationary period.

If the probationary period has not been satisfactorily completed, the entry "probationary removal" should be made at that point.

The rating should cover the staff member's performance during the entire year preceding the date of rating, or during the time since completion of his/her probationary period. 6-month evaluations are completed in December and 12-month evaluations are completed in May. The 6-month evaluation gives staff feedback on performance. The 12-month evaluation counts for incentive pay. **Staff evaluation expectation is for staff to have a 3.0 overall score. 3.1 to 3.29 will earn half incentive and 3.3 and above full incentive. Any No Pay Earned will result in no incentive.**

Each supervisor will set the work hours for his/her employees.

C. Lunch Breaks.

Each full-time employee that works 30 to 39 hours per week is entitled to (1) thirty (30) minute meal period and a 15-minute break each workday. The meal period and break will be taken at the time set by the employee's supervisor.

2. An employee may not work through a meal break in exchange for arriving at work late or leaving early, unless expressly authorized by the supervisor.

E. Procedures for Inclement Weather.

1. When a calamity day is declared, 9 months full or part-time school employees will be compensated at their hourly rate and salary time during the calamity day period (bus drivers = 6 hours, teachers and classroom assistant = 7 hours). 12-month full time or scheduled part time employees are required to report on any calamity day. (The Board will pay staff for any calamity days as established by the Superintendent. The employee is entitled to straight time pay for regular hours worked, unless he/she is on overtime status. Employees will not be paid double for calamity day and straight time pay for hours worked.

3. The Superintendent has the authority to close Programs due to weather or building emergency. In such cases, all employees will be required to leave the office and cancel appointments. When a program is closed for an emergency, the on-call person will be responsible for any emergency services.

Board staff should cooperate fully with all public officials and public employees and should have no personal or financial interest, which may interfere, or conflict with their functions as Board staff.
- B. All staff members are to be aware of the Copyright Law (P.L. 94-553), which exists to protect copyrighted materials. The Copyright Law limits what may be copied, how much may be copied, for what purposes material may be copied and under what conditions material may be copied. The law contains provisions for "fair use" which allows for a limited amount of material under certain conditions to be copied without obtaining permission from the owner. All staff members must understand that violations of the Copyright Law will subject both the individual staff member and the Board to litigation. Specific questions regarding duplicating copyrighted materials should be directed to the Principal/Curriculum Supervisor and/or the Administrative Office.
- C. All staff members are expected to maintain the highest ethical and moral standards, to perform their duties within the guidelines established by the appropriate statutes, certification and licensing standards, and other rules and regulations as may be set forth by the Board.
- D. A staff member's responsibility for protecting and preserving an individual citizen's right includes both a moral and a legal obligation. Conduct, which interferes with normal operations, brings discredit to the Carroll County Board of Developmental Disabilities, is illegal or is offensive to the public, program participants, or fellow staff member will not be tolerated. Any staff member having doubt as to the applicability of a provision of this code should consult his immediate supervisor or the Superintendent.

Such conduct shall include, but shall not be limited to:

1. Engagement in any transaction, business or any other interest which is in conflict with the proper discharge of official duties;

SECTION 4.04: ATTENDANCE, CALL-OFFS AND TARDINESS

- A. Staff attendance is a critical element in delivering quality services to individuals served by the Board. Staff absenteeism severely impairs the Board's ability to provide quality care by destroying the continuity of the programming and requires programming funds to be spent on substitutes and in payment of sick leave to absent employees. Absenteeism increases the workload of other employees and thus affects the quality of services being provided. Good attendance habits are encouraged and required.
- B. Each staff member has regularly scheduled hours to work, and it shall be their responsibility to be present on their job during these regularly scheduled hours.
- C. Staff shall be expected to maintain good records of attendance and timely appearance for work. This is done using the time sheet. Excessive call-offs, tardiness and absenteeism may be grounds for disciplinary action.
- D. Call offs are considered unexcused absences. Call offs will be tracked for discipline. If an employee calls off for more than three consecutive calendar days, a physician's statement specifying the employee's inability to report to work, and the probable date of recovery shall be required. Staff have one week to produce a doctor's excuse in order for a call-off to be excused and to avoid possible discipline. Friday and Monday call offs are considered two occurrences. If a staff member would call off Monday through Friday without a doctor's excuse, the five days off will result in three occurrences: Monday/Tuesday-one occurrence; Wednesday/Thursday-a second occurrence; and Friday-a third occurrence.
- E. Nine-month employee call offs will be tracked during a nine-month period (school year as per program calendar). These employees may incur six calls off occurrences during a nine-month period without receiving any form of discipline. On the seventh occurrence, the employee will receive instruction and cautioning via verbal warning from the supervisor. Eight occurrences will result in a written warning and the loss of half of the incentive pay, if earned. Nine occurrences will result in a one-to-three-day suspension without pay, also negating the chance of receiving incentive pay as per No Pay Earned Policy. Ten occurrences will result in a four-to-thirty-day suspension with potential reduction in pay or position and a last chance agreement. Eleven call off occurrences in a nine-month period will result in termination.
- F. Twelve-month employee call offs will be tracked during a twelve-month period (June – May). These employees may incur eight call off occurrences during a twelve-month period without receiving any form of discipline. On the ninth occurrence, the employee will receive instruction and cautioning via verbal warning from the supervisor. Ten occurrences will result in a written warning and the loss of half of the incentive pay, if earned. Eleven occurrences will result in a one-to-three-day suspension without pay, also negating the chance of receiving incentive pay as per No Pay Earned Policy. Twelve occurrences will result in a four-to-thirty-day suspension with potential reduction in pay or position and a last chance agreement. Thirteen call off occurrences in a twelve-month period will result in termination.
- G. An incident of tardiness occurs when not showing up to regularly scheduled workday. The employee will have the right to explain the situation to their immediate supervisor.

Tardiness is starting 1 minute past the scheduled workday. This will be tracked by Fob report. Staff will need to report to Executive Secretary or Director of Education if they forget their Fob. **9-month staff will get 3 warnings and 12-month staff will get 5 warnings. If they forgot their FOB they will be documented and may be sent home to get their FOB. The warning(s) for forgetting the FOB will be tracked for one year which is June 1st through May 31.**

- H. Nine-month employee tardiness will be tracked during a nine-month period (school year as per program calendar). These employees may incur six tardy instances during a nine-month period without receiving any form of discipline. When the seventh incident occurs, the employee will receive instruction and cautioning via verbal warning from the supervisor. Eight incidents will result in a written warning, and the loss of half of the incentive pay, if earned. Nine incidents will result in a one-to-three-day suspension without pay, also negating the chance of receiving incentive pay as per No Pay Earned Policy. Ten incidents will result in a four-to-thirty-day suspension with potential reduction in pay or position and a last chance agreement. Eleven instances of tardiness in a nine-month period will result in termination.
- I. Twelve-month employee tardiness will be tracked during a twelve-month period (June – May). These employees may incur eight tardy instances during a twelve-month period without receiving any form of discipline. When the ninth incident occurs, the employee will receive instruction and cautioning via verbal warning from the supervisor. Ten incidents will result in a written warning, and the loss of half of the incentive pay, if earned. Eleven incidents will result in a one-to-three-day suspension without pay, also negating the chance of receiving incentive pay as per No Pay Earned Policy. Twelve incidents will result in a four-to-thirty-day suspension with potential reduction in pay or position and a last chance agreement. Thirteen instances of tardiness in a twelve-month period will result in termination.
- J. If tardiness exceeds fifteen (15) minutes, the employee must use paid leave to cover the absence from work and employees are not permitted to work over at the end of the day to make up for the missed time.

If it is determined that immediate treatment or examination is needed, the supervisor or the Program Nurse shall arrange transportation to a medical facility, hospital or physician's office and shall make any other necessary arrangements.
- B. It is the responsibility of the injured staff member's supervisor and the Human Resources Director to initiate and oversee the completion of an accident report within twenty-four (24) hours after the injury was incurred (i.e., the staff member should complete an accident report form by the end of the workday) and submit the completed report promptly to the Superintendent. If a staff member or the supervisor is uncertain as to whether an injury is considered to be job related, an injury report shall be completed and submitted to the Superintendent for review and determination.

If a vehicle accident occurs where no one was in the vehicle, then a drug screen may not be warranted. If an employee on company time is in an accident where they were backed into and have no injury, then a drug screen may not be needed. A supervisor should be called about any vehicle accident for instruction on the need of a drug screen. A drug screen does help with Bureau of Workers Compensations claims.

The Board will ensure that procedures exist to allow complaints of bullying and harassment to be dealt with promptly, sensitively, and confidentially. The Board will not in any instance tolerate bullying or harassing behavior and is committed to the elimination of all forms of bullying and harassment. This policy applies to all employees of the Board. It applies during normal working hours, off-hours, at work related or sponsored functions, and while traveling on work related business.

Prohibited Activity.

No employee shall either explicitly or implicitly ridicule, mock, deride, or belittle any person.

Employees shall not make offensive or derogatory comments based on race, color, sex, religion or national origin either directly or indirectly to another person. Such harassment is a prohibited form of discrimination under state and federal employment law and is also considered misconduct subject to disciplinary action by the Board. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and verbal physical and visual conduct of a sexual nature when:

- submission to such conduct (either implicitly or explicitly) is made a term or condition of employment; or
- submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual; or
- the conduct has the purpose or effect of unnecessarily or unreasonably interfering with work performance, or creates a hostile, intimidating, or offensive work environment.

Such conduct includes but is not limited to:

- Unwanted physical contact or conduct of any kind such as
- Sexual flirtations, touching, advances or propositions;
- Verbal harassment of a sexual nature, such as lewd comments and sexual jokes;

- Using sexually degrading words to describe an individual.
- Possessing demeaning, insulting, intimidating or sexually suggestive objects or pictures, including nude photographs.
- Possessing demeaning, insulting, intimidating or sexually suggestive written, recorded or electronically transmitted message.

Bullying is unwelcomed or unreasonable behavior that demeans, intimidates or humiliates people either as individuals or as a group. Bullying behavior is often persistent and part of a pattern, but it can also occur as a single incident. It is usually carried out by one person but can also be an aspect of group behavior known as mobbing. Bullying behavior can be verbal, non-verbal, or psychological. Some examples of bullying are:

- **Verbal: Slandering, ridiculing or maligning a person or his or her family; persistent name calling that is hurtful, insulting or humiliating; using a person as the butt of**

Each employee of the Board is responsible for assisting in the prevention of harassment and bullying through the following acts:

- Refraining from participation in or encouragement of actions that could be perceived as harassment or bullying
- Reporting acts of harassment or bullying to a supervisor in writing on the appropriate form; and
- Encouraging any employee, who confides that he or she is being harassed or bullied , to report these acts to a supervisor or Superintendent.

Supervisors shall be responsible for assisting in preventing acts of harassment and bullying. This responsibility includes:

- Monitoring the work environment on a daily basis for signs that harassment or bullying may be occurring;
- Counseling all employees on the types of behavior prohibited, and the Board procedures for reporting and resolving complaints of harassment and bullying.
- Stopping any observed acts that may be considered harassment or bullying, and taking appropriate steps to intervene, whether or not the involved employees are under their direct supervision.
- Taking immediate action to limit the work contact between two employees where there has been a complaint of harassment and bullying pending investigation.

All supervisors have the responsibility to assist any employee who comes to that supervisor with a complaint of harassment or bullying, in the documenting and filing a complaint.

Failure to take action to stop known harassment or bullying shall be grounds for termination.

Workplace Romances:

To avoid concerns of sexual harassment, preferential treatment and other inappropriate behavior, employees are required to inform their immediate supervisor and superintendent if they are currently or if they intend to become romantically involved with a co-worker. Such relationships are not necessarily prohibited but must be appropriately addressed. Should the Board determine that a conflict exists between an employee's employment and a personal relationship with a co-worker, the Board will attempt to work with the employees to resolve the conflict. Should operational needs prevent resolution, the relationship must cease or one or both of the parties must separate from employment. Supervisors are expressly prohibited from engaging in romantic or sexual relationships with an employee they directly, or indirectly, supervise.

Complaint Procedures.

Employees encountering harassment or bullying shall tell the person engaging in the conduct that their actions are unwelcome and offensive. The employee shall document all incidents of harassment and bullying in order to provide the fullest basis for investigation. Forms are available in the Administration offices.

Any employee who believes that he or she is being harassed or bullied shall report the incident to his or her supervisor in writing on the appropriate form, as soon as possible so that steps may be taken to protect the employee from further harassment and appropriate investigative measures may be initiated. Where this is not practical, the employee may instead file a complaint with the Superintendent.

- The supervisor or other person to whom a complaint is given shall meet with the employee and document the incident(s) surrounding the complaint, the person(s) performing or participating in the harassment or bullying, and the dates on which it occurred.
- The employee taking the complaint shall expeditiously deliver the complaint to the Superintendent.

The Superintendent shall be responsible for initiating the investigation of any complaint alleging harassment or bullying. Complaints of harassment or bullying shall be promptly investigated. Every effort will be made to handle all such complaints in a fair, impartial, and efficient manner. If an employee is not satisfied with the way a complaint is handled, they should bring this to the attention of the Board. In all cases, the employee will be advised of the conclusion of the investigation.

There shall be no retaliation against any employee for filing a harassment or bullying complaint, or assisting, testifying or participating in the investigation of such a complaint.

Complainants or employees accused of harassment or bullying may file a grievance when they disagree with the investigation or disposition of a harassment or bullying claim.

Employees knowingly filing a false claim of harassment or bullying may be subject to disciplinary action.

Employees have the right to file discrimination charges with the Ohio Civil Rights Commission and the Federal Equal Employment Opportunity Commission under Title VII of the Civil Rights Act of 1964 (as amended).

SECTION 4.16: INFECTIOUS DISEASE POLICY

- A. It is the policy of the Carroll County Board of Developmental Disabilities that in providing the necessary services to the public, together with working in harmony with one another, all employees are to be educated and thus knowledgeable in dealing with infectious diseases and the issues surrounding them. The Board will endeavor to conduct ongoing training and provide information as to the appropriate response in dealing with Acquired Immune Deficiency Syndrome (AIDS), Hepatitis B (see Section 2.09), T.B. and other infectious diseases.
- B. The Superintendent will appoint a committee of employees to serve voluntarily in formulating a response to the issues surrounding infectious diseases in accordance with the policies of the Carroll County Board of Developmental Disabilities.
- C. Staff coming into contact with other staff or members of the public who are known to have any serious infectious disease should immediately notify their supervisor. Staff is hereby admonished, however, of the confidentiality surrounding the services rendered to the public and should act in accordance therewith.
- D. The Ohio Civil Rights Commission's policy statement of October 5, 1987 and the Americans with Disabilities Act of 1990 recognize AIDS victims as being handicapped. Therefore, neither the program, nor any of its staff, may lawfully discriminate against a person suffering from AIDS whether that person is a member of the public or another employee.
- E. Any staff member who believes that he has been exposed to an infectious disease should immediately report the incident to his Supervisor and seek medical attention. Said reporting shall be held in the strictest of confidence and the employee shall not be the subject of any Employer reprisal.
- F. Provisions dealing with sick leave under the Ohio Revised Code and Ohio Administrative Code are applicable to employees suffering from infectious diseases, providing for sick leave and disability leave. The Board has a statutory right to require the employee to submit to a medical examination in order to determine the employee's capability to perform the essential functions of his/her position when requested under reasonable circumstances.
- G. In order to alleviate the fears of the public and co-workers, it is important that employees are aware the most recent guidelines issued by the Centers for Disease Control provide that AIDS is not spread by the kind of nonsexual, person-to-person contact that occurs among workers, clients and consumers in such settings as offices, schools, factories and construction sites. Therefore, there is no evidence that AIDS can be spread by any of the following:
 - 1. using a telephone or headphone;
 - 2. eating at a cafeteria table;
 - 3. sharing a word processor or other office machine;
 - 4. sharing a drinking fountain;
 - 5. sharing a restroom;
 - 6. using the same tools;
 - 7. conversing in a meeting;
 - 8. riding in the same car;

9. washing in the same sink;
 10. wearing the same protective outer clothes; or
 11. sharing a desk or chair.
- H. In the case of accidents at the work setting, equipment that is contaminated with blood or other body fluids from any person, whether known to be infected or not, should be cleaned with soap and water or a detergent. A disinfectant or fresh solution of household bleach should be used to wipe the area after cleaning.
- I. The Board asks the staff's help in dispelling unfounded public fears by continuing to emphasize that AIDS is not easy to catch and is not spread by casual contact.

SECTION 4.17: ENROLLEE MEDICATION DISTRIBUTION

The Board recognizes that persons served by the programs of the Board have medication needs that must be met during working/school hours. Until the individual enrollee's goal of independent self-medication is met, Program Nurse will receive medications in Board approved containers and medication order on Board Approved Medication Forms properly signed by physician and parent/guardian. Program Nurse/Delegated Nursing Personnel/Contracted Nurse will administer medications and record same as ordered.

SECTION 4.18: STAFF-ENROLLEE RELATIONSHIPS

- A. Each enrollee has the right:
 - 1. to be treated by staff members with courtesy and respect at all times and with full recognition of his/her dignity and individuality;

 - 3. to be treated equally as citizens under the law;
 - 4. to be free from emotional, psychological and physical abuse; and
 - 5. to be free from unnecessary chemical and physical restraints.
- B. Accordingly, each staff member will endeavor to protect these rights at all times. Each employee is required to report any suspected abuse or neglect of any consumer's rights to his/her immediate supervisor and shall cooperate in investigations regarding abuse or neglect.
- C. No staff member shall subject a consumer to physical, verbal or psychological and emotional abuse. Procedures that cause physical, visual and/or auditory pain are strictly prohibited. Attacks on personal dignity, such as foul language, name-calling, shouting and other types of verbal abuse are forbidden. Actions such as threats, whether founded or unfounded, or the use of objects that are frightening to a consumer constitute psychological and/or emotional abuse and are forbidden. Each staff member shall comply with the proper procedures for Behavior Management Intervention as adopted by the Board.
- D. No staff member shall subject a consumer to sexual abuse or take advantage of him/her by procuring sexual favors either during work hours or non-working hours.
- E. At no time shall a staff member betray the trust relationship that exists between himself and the student/consumer. In particular, relationships outside the school/work environment require caution regarding social contacts, financial dealings or any other activities which could take advantage of the trust the consumer has in the staff member who is working for the wellbeing of the consumer.
- F. No employee shall violate Section 5123.541 of the Ohio Revised Code on having prohibited sexual relations with clients served by the Carroll County Board of DD Program.
- G. Should a staff member be in a position to provide services to an enrollee outside of Board employment (e.g., providing respite, supported living, etc.) and violates any of the preceding sections of this Section 4.18 or by some act places the enrollee in harm's way, the staff member will be disciplined as provided for in Section 5.02 of this manual.

SECTION 4.19: EMPLOYMENT OF PROGRAM ENROLLEES BY BOARD STAFF MEMBERS AND BOARD MEMBERS

- A. It is the intent of this policy to inform Board staff members and Board members that engagement of the services of program consumers to perform tasks outside the normal programming scope is viewed as employment. Employment as used in this section means engagement in work for which remuneration is customary including, but not limited to, babysitting, lawn mowing, assistance with moving, janitorial/custodial tasks.
- B. Remuneration at the usual or prevailing rate, as established for sheltered workshops, is expected for program participants who perform personal work for Board staff members or Board members.

A. Reports to be made

An employee of the Board who learns of the following shall make a report as required by Section B of this policy:

- (1) a violation of local, state or federal statutes, including, but not limited to, Medicaid fraud per the Deficit Reduction Act of 2005, which the Board could correct, and the employee reasonably believes that the violation is a criminal offense that is likely to cause an imminent risk of physical harm to persons or a hazard to public health or safety, a felony, or an improper solicitation for a contribution;
- (2) a violation by a fellow employee of any state or federal statute, any ordinance or regulation of a political subdivision, or any work rule or company policy of the Board, and the employee reasonably believes that the violation is a criminal offense that is likely to cause an imminent risk of physical harm to persons or a hazard to public health or safety, a felony, or an improper solicitation for a contribution;

(6) a violation of state or federal statutes, such as HIPAA, rules, or regulations or misuse of public resources that is also a violation of Ohio Revised Code Chapter 102., section 2921.42, or section 2921.43.

B. Reporting Procedures

(1) For reports to be made under **A.(1)** and **(2)** above, the employee orally shall notify the employee's supervisor, Department Director, or the Superintendent of the violation and subsequently shall file with the supervisor, Department Director, or the Superintendent a written report that provides sufficient detail to identify and describe the violation. The employee is to submit the written report in a timely manner (no later than the end of the next working day). Failure to report within 24 hours will not prohibit the Board from taking action. If the issue to be reported falls within the definition of MUI/UI reporting, the employee must follow those guidelines set forth in Ohio law and Board policy.

(2) For reports made under **A.(4)** and **(5)** above, the employee shall file a written report identifying the violation or misuse with the employee's supervisor, Department Director, or the Superintendent. In addition to or instead of filing a written report with the employee's supervisor, Department Director, or the Superintendent, the employee may file a complaint with the Auditor of State's fraud-reporting system under Ohio Revised Code Section 117.103. The Auditor of the State has an established fraud reporting-system to be used for reporting fraud, including misuse of public money by any public official or office. Employees are able to make anonymous complaints via the fraud hotline (866-372-8364), the Auditor of the State's website (www.ohioauditor.gov) or through the United States mail (Special Investigations Unit, 88 East Broad Street, Columbus, OH 45215). Moreover, if the employee believes the violation or misuse is a criminal offense, in addition to or instead of filing a report with the employee's supervisor, Department Director, or the Superintendent, the employee may report it to the _____ County Prosecuting Attorney or a peace officer, such as the _____ County Sheriff or a municipal police officer.

(3) For reports made under **A.(3)** above, the employee directly may notify, either orally or in writing, any appropriate public official or agency that has regulatory authority over the Board.

(4) For reports made under **A. (6)** above, in addition to filing a report with the employee's supervisor, Department Director, or the Superintendent, the employee may report the violation or misuse to the appropriate ethics commission.

(5) Supervisory staff receiving initial reports (oral or in writing) are to immediately relay this information to the Superintendent/designee. If the issue involves a privacy violation under HIPAA, the Privacy Officer shall also be notified by the supervisory staff receiving the initial report. Reports of Medicaid fraud shall also be reported to the Superintendent/designee by the supervisory staff receiving the initial report. The Superintendent will inform the Board President

of the allegation and begin an investigation into the matter. Should the matter appear to be criminal in nature, the appropriate authorities shall be informed.

(6) For potential HIPAA violations, an employee may also disclose information to an attorney for the purpose of determining his or her legal options with regard to the conduct in question in addition to the reporting requirements of B (4).

C. Employee Responsibilities

It is the employee's responsibility to make a reasonable and good faith effort to accurately report the alleged impropriety to the appropriate authority. There are consequences for purposely, knowingly or recklessly reporting false information. Those consequences may include discipline, up to and including termination. Failure to report may also result in disciplinary action, up to and including termination, subject to due process.

Reports made in good faith are encouraged and expected. A false complaint is not the same as an unsubstantiated complaint. Employees who file reports in good faith shall not be subject to retaliatory action from supervisors or co-workers. If retaliation occurs, the employee should immediately notify the Superintendent/designee.

D. Board Responsibilities

(1) After an employee submits a report, the Superintendent/designee is to notify the employee, in writing, of any effort the Board has taken to correct the alleged violation, hazard, or misuse, or the absence of the alleged violation, hazard, or misuse. The Board is to notify the reporting employee of its efforts/findings within 24 hours after the oral notification was made or the report was received, or by 4:30 p.m. on the next regular business day (Monday-Friday) following the day on which the oral notification was made or the report was received, whichever is later.

(2) If the Superintendent does not correct the violation or make a reasonable and good faith effort to correct the violation within twenty-four (24) hours after the oral notification or the receipt of the report, whichever is earlier, the employee may file a written report that provides sufficient detail to identify and describe the violation with the ____ County Prosecuting Attorney, a peace officer, such as the ____ County Sheriff or a municipal police officer, or any appropriate public official or agency that has regulatory authority over the Board.

(3) Neither the Board nor any employee of the Board shall take any disciplinary or retaliatory action against an employee for making any report under this procedure or as a result of the employee having made any inquiry or taken any other action to ensure the accuracy of any information reported under this procedure.

E. Employee Appeal Rights

(1) If the Board takes any disciplinary or retaliatory action against an employee as a result of the employee's having filed a report under (A).(1), (2), or (3) of this procedure, the employee may file a civil action for appropriate injunctive relief, or for reinstatement to the same position that the employee held at the time of the disciplinary or retaliatory action and at the same site of

employment or to a comparable position at that site, the payment of back wages, full reinstatement of fringe benefits and seniority rights, or any combination of these remedies, within one hundred eighty (180) days after the date the disciplinary or retaliatory action was taken, in a court of common pleas in accordance with the Ohio Rules of Civil Procedure.

- (2) If the Board takes any disciplinary or retaliatory action against an employee as a result of the employee's having filed a report under (A).(4), (5), or (6), the employee's sole and exclusive remedy, notwithstanding any other provision of law, is to file an appeal with the State Personnel Board of Review within thirty (30) days after receiving actual notice of the disciplinary or retaliatory action.

F. Effect of Policy

This procedure does not supersede any rights of any employee under a collective bargaining agreement or permit disclosures that would diminish or impair the rights of any person to the continued protection of confidentiality of communications, if a statute or common law provides such protection.

SECTION 4.21: DRUG-FREE WORKPLACE AND DRUG AND ALCOHOL TESTING

A. Drug-Free Workplace

Alcoholism and drug addiction are treatable diseases. Therefore, employees who believe that they may have an alcohol or drug addiction problem are encouraged to seek professional treatment and assistance. No employee who seeks such treatment or assistance prior to detection will have his job security, promotional opportunities, or other job conditions jeopardized by a request for treatment. The individual's right to confidentiality and privacy will be recognized in such cases. The County will reasonably accommodate a recovering employee's alcohol or drug addiction in accordance with federal and state law.

Treatment pursuant to this accommodation policy will not result in any special regulations, privileges, or exemptions from standard administrative procedures, practices, or policies including disciplinary action. The County may take disciplinary action for any violations of work rules, regardless of the effect of alcohol or drug abuse. Nothing in this policy shall be construed to condone or exonerate employees from their misconduct or poor performance resulting from a drug or alcohol problem.

The County maintains a drug and alcohol-free workplace¹ in order to eliminate the inherent risks and liability to the County, the affected employee, co-workers and the public. Employees are hereby notified that the manufacture, distribution, dispensing, possession, use or being under the influence of alcohol, drugs or other controlled substance is strictly prohibited during working hours at any location where employees are conducting County business. Also prohibited is the illegal use of legal substances.

In order to further the County's objective of maintaining a safe, healthful, and drug-free workplace, the County may require an employee to submit to a urine and/or blood test if there is reasonable suspicion to believe that an employee is under the influence of a controlled substance or alcohol. Refusal to submit to a drug or alcohol test and/or to release the results of the same shall be considered insubordination and will be construed as a positive test result.

Employees are put on notice that an employee who is under the influence of drugs or alcohol may forfeit their right to obtain workers compensation benefits. The law establishes a rebuttable presumption that if an injured worker tests positive for the use of drugs or alcohol, the worker will have to prove the use of drugs or alcohol did not cause the accident. A refusal to test for the use of drugs or alcohol will also establish the presumption. Employees who are involved with a workplace accident may be required to undergo drug and/or alcohol testing in accordance with this policy.

¹ As set forth in detail in paragraph B 8 below medical marijuana use as authorized by state law is not exempted from the County's drug and alcohol free workplace policy, constitutes a violation of this policy, and employees are subject to discipline up to and including discharge for any violation of this policy, including use of medical marijuana.

B. Drug Policy

1. **Controlled Substance:** Means any controlled substance contained in Schedules 1 through V of Section 202 of the Controlled Substance Act (21 U.S.C. § 812; or as defined in § 3719.01 O.R.C.).
2. **Conviction:** Means any finding of guilt, including a plea of *nolo contendere* (no contest) or the imposition of a sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.
3. **Criminal Drug Statute:** Means a criminal statute involving manufacture, distribution, dispensation, use, or possession of any controlled substance. For purposes of this policy all definitions will be consonant with O.R.C. § 3719.01 *et seq.*
4. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by any employee which takes place in whole or in part in the employer's workplace is strictly prohibited and will result in criminal prosecution and employee discipline
5. Any employee arrested or convicted of any Federal or State criminal drug statute must notify the employer of that fact immediately, but in no event longer than five (5) calendar days, of the arrest or conviction.
6. Any employee who reports for duty in an altered or impaired condition which is the result of the illegal use of controlled substances and/or alcohol will be subject to disciplinary action up to and including removal. Any decision to take disciplinary action may be held in abeyance pending the completion by the employee of a drug rehabilitation program.
7. Any employee arrested or convicted of a drug or alcohol offense, who fails to timely report the arrest or conviction, may be terminated from employment and/or held civilly liable for any damage caused, including a loss of state or federal funds, resulting from the misconduct.
8. The County has a zero-tolerance policy for employees who are under the influence of drugs or alcohol while at work. Employees who are using medical marijuana as authorized by Ohio law are not exempt from this policy in any way. The use of marijuana in any form for any purpose, authorized for medicinal purposes or unauthorized, will be treated the same as the use of all other Schedule 1 controlled substances, illegal drugs, or the abuse of legal drugs. Employees using Schedule 1 controlled substances or illegal drugs, including medical marijuana authorized by and in accordance with Ohio law, are still subject to all provisions of this policy and may be subject to discipline including termination for such use.

C. Drug/Alcohol Testing Policy.

1. In order to maintain a safe and healthful work environment, the County reserves the right to set standards for employment and to require employees to submit to physical examinations including blood or urine tests for alcohol, illegal drugs, or the misuse of legal drugs where there is reasonable suspicion that an employee's work performance is, or could be, affected by the condition.
2. Where the County has a reasonable suspicion to believe that the employee is in violation of this policy, it may require the employee to go to a medical clinic, at the County's expense, to provide blood and/or urine specimens. Reasonable suspicion shall generally mean suspicion based on personal observation by a County representative, including descriptions of appearance, behavior, speech, breath, or inexplicable behavior.
3. If requested, the employee shall sign a consent form authorizing the clinic to withdraw a specimen of blood or urine and release the test results to the County. Refusal to sign a consent form or to provide a specimen will constitute insubordination and a presumption of impairment and may result in discharge.
4. Any employee who tests positive may request retesting of the original specimen at their own expense.
5. Employees who test positive for illegal substance abuse or misuse of legal drugs and/or alcohol may be offered rehabilitation through a local treatment facility. Any costs related to the rehabilitation shall be paid by the employee. Employees must take any available, accumulated, paid or unpaid leave during their absence. Failure to fully participate in or successfully complete such a rehabilitation program may result in disciplinary action. As of the date of this manual, the main treatment facility in Carroll County is Quest (330-627-0087). For additional assistance, please contact the Alcohol, Drug Addiction & Mental Health Services (ADAMHS) Board at 330-627-7912.
6. Employees who return to work after the successful rehabilitation will be subject to random drug tests for a period of two years from the date of their return.
7. Employees subject to random drug tests who refuse to participate in the drug/alcohol testing and/or rehabilitation program or who continue to test positive for substance abuse will face additional disciplinary actions, up to and including removal.
8. Employees who are required to hold a commercial driver's license (CDL) will be required to participate in the County's drug and alcohol testing program as required by federal law which includes pre-employment testing, post-accident testing, random testing, reasonable suspicion testing, and return-to-work testing. Policies and procedures for these programs will be consistent with federal law and will be made available to employees required to hold CDL's and their supervisors.

9. All employee positions are considered safety sensitive job descriptions. At any time, employees with valid driver's license may be asked to drive for their job including transport of individuals with developmental disabilities. It is imperative that all employees are drug/alcohol free. Therefore, all Carroll County Board employees are required to participate in the County's drug and alcohol testing program which includes pre-employment testing, post-accident testing, random testing, reasonable suspicion testing, and return-to-work testing.

D. Post Accident Drug and Alcohol Testing

An accident for the purpose of this policy may include but is not limited to an unplanned, unexpected, or unintended event that occurs during the employee's workday and in relation to the County's business. In addition to personnel, it may involve personal, or business property/equipment or vehicles used in performance of the employee's job.

Post-accident drug and alcohol testing is mandatory in all cases for all individuals who are employed in a safety sensitive position and for those employees who may have caused or contributed to an on-the-job accident which meets any of the following criteria

1. A fatality results from the accident;
2. An employee is at fault in an employment-related accident that causes bodily injury requiring off-site medical treatment of the employee or another person;
3. An employee is at fault in an employment-related accident that results in property damage; or
4. An employee is cited in an employment-related vehicular accident that results in damage.

Specimen collection is to occur as soon as possible after a need has been determined, and any necessary medical attention has been rendered, in accordance with items 1-4 above. Every reasonable effort shall be made to assure that the total elapsed time before a drug specimen has been collected does not exceed thirty-two (32) hours. Alcohol testing will be performed within eight (8) hours of the employment-related incident; if not performed, documentation of the reason for non-testing is required.

Any employee at fault or cited in an employment-related accident expressly grants unto the County, its officers and management, the right to request that medical personnel obtain appropriate specimens for the purpose of conducting alcohol and/or drug testing. Employees are expected to cooperate with any County investigation into the employment-related accident, including potential release of medical information concerning injuries incurred as a result of the accident.

The refusal of an employee to allow the collection of these specimens, any attempt to block the release of the results of any substance abuse tests taken, or failure to report a work-related accident will be considered and managed the same as a refusal to test.

Employees are specifically required to timely file a “First Report of Injury” (FROI) with the County for any injury related to their employment in compliance with the County’s injury policy.

E. Follow-Up Testing.

Employees who test positive for prohibited substances or who self-report a drug/alcohol problem may be subject to no-notice follow-up testing at any time for a period not exceeding two (2) years from the date of the initial positive test. A minimum of four (4) follow-up tests will be required within the first year following the negative return to duty test. A positive result on any of these follow-up tests may result in the employee being immediately terminated from the County for cause.

F. Discipline.

The County may discipline an employee, for any violation of this policy. Nothing herein shall be construed as a guarantee that the County will offer an opportunity for rehabilitation. Failure to successfully complete or participate in a prescribed rehabilitation program, if offered, shall result in the employee’s discharge, including a refusal to test or a positive test result on a return to duty or follow-up test. No employee shall be provided more than one opportunity at rehabilitation. The County’s decision whether to discharge an employee shall be made on the basis of the circumstances surrounding the employee’s positive drug or alcohol test and considerations such as any other misconduct resulting from the employee’s substance abuse (e.g., injury, property damage, etc.) the employee’s work record, and other factors traditionally considered when determining whether to retain an employee.

G. Refusal to Test.

Employees who refuse to submit to the required testing shall be subject to disciplinary action up to and including discharge. A refusal to test for purposes of this policy shall include:

1. Failure to provide an enough sample provided there does not exist a valid medical explanation as to why the employee was unable to do so;
2. Any conduct that attempts to obstruct the testing process such as unavailability, leaving the scene of an accident without proper authorization, delay in providing a sample, adulterating, substituting or attempting to adulterate or substitute a specimen during the testing process, regardless of whether such attempt results in a negative or positive diluted sample;
3. Failure to execute or release forms required as part of the testing process.

H. Prescription/OTC Medications.

Employees must inform the County if they are taking any medication that may impair their ability to perform their job. Employees on such medications must provide a written release from their treating licensed medical practitioner indicating that they are capable of performing their essential job functions, with or without reasonable accommodation. Employees are prohibited from performing any County function or duty while taking legal drugs that adversely affect their ability to safely perform any such function or duty.

Employee use of prescription or over-the counter drugs must be utilized for medical reasons, taken at the dosage and frequency of use prescribed on the label, and, in the case of prescription drugs, prescribed to employees for medical reasons by a licensed medical practitioner. An employee's use of the prescription or over-the-counter drugs shall not affect the employee's job performance, threaten the safety, productivity, public image or property of the County or its employees, or result in criminal behavior.

I. New Hire/Pre-Employment Screening.

Unless otherwise required by law, all applicants considered for employment may be required to consent to, take and pass a pre-employment drug screening test and to release the laboratory results for such tests to the County as a condition of employment. A licensed testing facility, designated by the County, will administer the drug testing. Any applicants refusing to take the drug screening will not be hired or will have their employment terminated if they have already commenced work. When a drug screening is required for pre-employment purposes, the applicant shall be asked to sign the Consent Form included in Addendum #4.

J. Workers' Compensation

R.C. 4123.54 provides a rebuttable presumption that an employee may dispute or prove untrue the presumption (or belief) that alcohol or a controlled substance not prescribed by the employee's physician is the proximate cause (main reason) of the work-related injury.

The burden of proof is on the employee to prove that the presence of alcohol or a controlled substance was not the proximate cause of the work-related injury. An employee who tests positive or refuses to submit to chemical testing may be disqualified for compensation and benefits under the Workers' Compensation Act.

SECTION 4.22: TRANSPORTATION OF CONSUMERS OTHER THAN ON BUSES

- B. Under this policy, employment "conflicts" are defined as the impairment of an employee's ability to perform the duties of his/her position with the Board. Two common employment conflicts, which may arise, are:
 - 1. Time conflict - when the working hours required of a "secondary job" directly conflict with the scheduled working hours of the employee's job with the Board, or when the demands of a secondary job prohibit adequate rest, thereby adversely affecting the quality standard of the employee's job performance with the Board.
 - 2. Interest conflict - when the employee engages in outside employment which tends to compromise his/her judgment, actions and/or job performance with the Board or which impairs the Board's reputation in the community, or breeches confidentiality rules.

- A. Staff members are to be aware of possible damage to personal apparel or effects in the course of employment and, accordingly, are expected not to attire themselves with items of unusually high value for the work required.
- B. A staff member's personal property authorized for use in the course of employment which is damaged by an enrollee in the program while the staff member is performing normal job duties shall be replaced or repaired by the Board without cost to the staff member. Staff members are advised the full reimbursement will not be made for unusually expensive clothing or jewelry. The incident involving damage must be properly reported and documented.
- C. If the damage to a staff member's property is the result of an action which is considered deliberate the staff member or the parent/guardian of the enrollee will be billed for damages. The functioning level of the staff member/enrollee shall be considered before deliberate intent is attributed to the action.

SECTION 6.11: REIMBURSEMENT FOR APPROVED COURSE WORK

A. Eligibility

1. All full-time staff members who are not paid by grants are eligible for reimbursement for a course taken through an accredited facility. All registered Adult Services, Ohio Department of Education Licensure, Early Childhood, and Early Intervention registration and any other courses needed for DD or Department of Education certification renewal or upgrading shall be subject to the provisions of this Article. In any case, the maximum allowable reimbursement for course work per staff member completed during a program year is three thousand dollars **(\$3,000.00)**.

Within the twelve thousand dollars (\$12,000) available per program year, staff members may apply and may be granted approval for their coursework, except staff members who must take courses to maintain certification will have first preference. For the purpose of this the "program year" starts on July 1 of a particular year to June 30 of the following year. Reimbursement will be made upon proof of satisfactory completion of such course work with a grade of "B" or better or a grade of "pass" in a Pass/Fail course. A staff member shall remain in the employ of the Board for four (4) years subsequent to completion of said course work. Failure to comply with the requirement will necessitate a pro-rata reimbursement to the Board.

2. Members of the Carroll County Board of DD staff are eligible for reimbursement for a course taken through an accredited facility. Prior approval by the Superintendent is necessary for the program to reimburse the costs to the excluded staff member. Reimbursement is contingent upon a passing grade of "B" or better and submission of the grade statement from the education institution.

B. Procedure

Any request for reimbursement for a course can only happen after the following procedure is followed:

1. The course(s) must be approved for reimbursement by the Superintendent or designee as:
 - a. A course(s) that would apply toward certification renewal or upgrading.
2. Before reimbursement, proof of successful completion of the course must be given to the Superintendent or designee. Payment for approved courses shall be made by the Board within thirty (30) days after completion of the above procedure.
3. Leaving work prior to stated employee hours; absence from required meetings, etc., for the purpose of making academic classes will be permitted at the discretion of the Superintendent or his/her designee. Concerns of this nature must be stated prior to enrollment in the class(es).

SECTION 6.12: HOSPITALIZATION INSURANCE

- A. The Carroll County Commissioners, through the County Board of Developmental Disabilities, shall be the sole arbiter of the hospitalization package for the staff of the Board and the sole determiner of the carrier of such hospitalization package, shall set the rates, terms and conditions of how said hospitalization package shall be administered in relation to staff members.
- B. Staff members who have completed thirty (30) calendar days, and who work at least thirty-two (32) hours a week are eligible for enrollment in the Carroll County Board of DD Health Benefit Plan.
- C. Any staff member who does not work or receive any pay in a month shall be responsible for payment of the total premium due for continued hospitalization coverage.
- D. A staff member who has been off the payroll for an extended period of time and who has dropped hospitalization coverage must comply with the enrollment requirements of the carrier(s) and/or health Maintenance Organization, which are presently providing those services to Carroll County. A staff member who drops hospitalization coverage may find it necessary to wait until the next enrollment period before being able to once again participate in the hospitalization plan. Each staff member should be cognizant of this fact and admonish not to place himself in circumstance, which would leave him without hospitalization coverage.
- E. The Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 allows an individual who loses his health care coverage as a result of the death of the covered staff member, termination of employment, reduction of hours, divorce or legal separation, a dependent child ceasing to be a dependent under the terms of the Board's hospitalization plan, or the covered staff member becoming eligible for Medicare, to continue health care coverage for a period of up to thirty-six (36) months, depending on the particular situation. The individual affected is required to pay the premium. An affected individual should contact the Personnel Office for additional information.

SECTION 6.13: RETIREMENT BENEFITS

- A. The Ohio Public Employees Retirement System (OPERS) and the State Teachers Retirement System (STRS) are two (2) retirement systems covering all employees of the Board. Board employees are members of one (1) of these programs. The staff member's contribution is supplemented by the Board's contribution of a greater amount. Age and service requirements for retirement are established by the retirement system.
- B. Money paid into the retirement system by the staff member can be returned if he/she leaves the Board's service before reaching the retirement age. If he/she has worked more than five (5) years, the money can be left in the plan with the benefits to be paid upon retirement. After July 1, 1986, staff members must have ten (10) years' service to be eligible for hospitalization coverage with the OPERS retirement. Rules governing the retirement under these programs are set by their respective Boards, not Carroll County.
- C. A staff member who becomes permanently disabled for the performance of his/her duties may apply for disability from the appropriate system if he/she has at least five (5) years of service credit and is not yet sixty (60) years of age.

SECTION 6.14: WORKERS' COMPENSATION INSURANCE

Workers' Compensation is an income-maintenance and health care insurance program, to cover work-related injury or death, or occupational disease. (Occupational disease means disability from something at the job, which is not common away from the job, usually over a period of some time.)

The Workers' Compensation program provides full medical coverage and hospitalization for work-related injury or disease from the time of injury or diagnosis. It also provides some money for living expenses (called compensation) to any worker whose job-related disability lasts longer than seven (7) days, including weekends and holidays. If a worker is killed on the job, or if a worker later dies from a job-related disability – such as an occupational disease, there is a moderate funeral expense allowance, and some money for living expenses is paid to dependent, such as a wife (or husband) and children.

Every staff member, full-time or part-time, is entitled to file a worker's compensation claim. The entire cost of worker's compensation is paid by the Carroll County Board of DD.

- A. If a staff member is injured on the job and he is eligible for benefits, the necessary papers should be obtained from the Personnel Office.
- B. Sick leave may be used for an on-the-job injury; however, sick leave pays, and Worker's Compensation cannot be received at the same time.
- C. Vacation pay benefits do not accrue to a staff member on Worker's Compensation.
- D. A job-related injury must be reported within twenty-four (24) hours of the accident, unless circumstances prevent otherwise, by completing an accident report and submitting it to the staff member's supervisor, in accordance with Section 4.05 of this Manual. Failure to complete an accident report form may result in the denial of a workers' compensation claim.
- E. Staff members are cautioned that use of drugs or alcohol may cause on the job to fail the eligibility for Workers' Compensation benefits. (See Article 4.21 in these policies)

SECTION 6.15: UNEMPLOYMENT COMPENSATION INSURANCE

Carroll County Board of DD staff members are covered by Unemployment Compensation and the regulations established by the Ohio Bureau of Employment Services. Twenty (20) weeks of covered employment are required for a separated employee to be eligible for benefits. The determination of benefits and the weekly amount paid are governed by State law.

SECTION 6.16: LIABILITY INSURANCE

The Board shall defend all staff members in accordance with ORC Chapter 2744 and indemnify staff members in accordance with ORC Chapter 2744.

SECTION 6.17: OHIO PUBLIC EMPLOYEES DEFERRED COMPENSATION

The Carroll County Board of DD offers staff member's participation in the Ohio Deferred Compensation Program for those who elect to participate; this fringe benefit plan is designed for state and local government staff members only. The program was created by Ohio Statute Sections 145.17-73 of the Ohio Revised Code and is administered by the Ohio Public Employees Deferred Compensation Board.

Programs offered through the Ohio Public Employees Deferred Compensation Program are provided in accordance with Section 457 of the United State Internal Revenue Code. This code allows County staff members to exclude, from their taxable income the portion of their salary, which they contribute to the deferred compensation program in four (4) ways:

1. Group variable annuity provided by Nationwide Life of Columbus, Ohio. This includes four (4) underlying mutual funds investing in common stocks and one (1) underlying money-market fund investing in high-yielding certificates of deposit, etc.
2. Group fixed annuity provided by Nationwide Life, Columbus, Ohio.
3. Life Insurance by Ohio National Life of Cincinnati, Ohio.
4. Disability Income insurance provided by Inter-Ocean Insurance of Cincinnati, Ohio. The Carroll County Board of DD role is for making the necessary payroll deductions as authorized and directed by the staff member.

The option to purchase is the individual decision of each staff member. Information concerning the Ohio Public Employees Deferred Compensation Program may be obtained from the Superintendent.

SECTION 6.18: FAMILY AND MEDICAL LEAVE

The Board will comply with Public Law 103-3, *Public Law 110-181*, Family and Medical Leave Act of 1993, to provide family and medical leave as specified in the legislation. Eligible employees will be provided up to 12 weeks of unpaid leave in connection with specific qualifying events. Eligible employees may take up to 26 weeks of unpaid leave to care for a covered service member. Generally, employees will be provided employment in an equivalent position with equivalent conditions of employment upon return from family or medical leave. The Board will maintain records of utilization of family or medical leave per the requirements of the Department of Labor.

A. Qualifying Events for Basic Leave Entitlement.

In order to be entitled to take the appropriate amount of family and medical leave, one of the following "qualifying events" must occur:

1. Incapacity due to pregnancy, prenatal medical care or childbirth;
2. Care for the employee's child after birth, or placement for adoption or foster care;
3. Care for the employee's spouse, son, daughter or parent, who has a serious health condition;
4. For a serious health condition that makes the employee unable to perform the employee's job

The term "spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex or common law marriage that either:

(1) Was entered into in a State that recognizes such marriages; or

(2) If entered into outside of any State, is valid in the place where entered into and could have been entered into in at least one State.

The term "parent" means a biological, adoptive, step, or foster father or mother, the spouse of any such person, or any other person who stood in loco parentis to the employee when the employee was a child as defined in this section. This term does not include "parents in law."

The term "son or daughter," for purposes of FMLA leave taken for birth or adoption or to care for a family member with a serious health condition, means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and "incapable of self-care because of a mental or physical disability" at the time that FMLA leave is to commence.

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three (3) consecutive calendar days combined with at least two (2) visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

B. Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on "covered active duty" or call to covered active-duty status may use their 12-week leave entitlement to address certain qualifying exigencies.

The term "spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex or common law marriage that either:

- (1) Was entered into in a State that recognizes such marriages; or
- (2) If entered into outside of any State, is valid in the place where entered into and could have been entered into in at least one State.

The term "parent" means a covered service member's biological, adoptive, step or foster father or mother, the spouse of any such individual, or any other individual who stood in loco parentis to the covered service member. This term does not include parents "in law."

The term "son or daughter," for purposes of military family leave, means a covered service member's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered service member stood in loco parentis, and who is of any age.

An employee's spouse, son, daughter, or parent is on "covered active duty" when he or she is either a) on duty as a member of a regular component of the Armed Forces and deployed with the Armed Forces to a foreign country under a call or order to active duty, or b) on duty as a member of a reserve component of the Armed Forces and deployed to a foreign country under a call or order to active duty in support of a contingency operation. Qualifying exigencies to manage the service member's affairs are described on the Department of Labor form [Certification of Qualifying Exigency for Military Family Leave](#) and include: 1) Short notice deployment; 2) Military events and related activities; 3) Childcare and school activities; 4) care of the military member's parent who is incapable of self-care; 5) Financial and legal arrangements; 6) Counseling;

7) Rest and recuperation; 8) Post-deployment activities; and 9) Additional activities not encompassed in the other categories, but agreed to by the employer and employee.

A qualified eligible employee may take leave to care for a covered service member who has suffered a serious injury or illness in the line of active duty or who has had an existing condition aggravated by military service (“military caregiver leave”). A covered service member means (1) a current member of the Armed Forces, National Guard or Reserves who is undergoing medical treatment, recuperation, or therapy, is in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness incurred in the line of duty; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness. The injury or illness for which the covered service member requires military caregiver assistance may manifest itself before or after the member officially became a “veteran.” Military caregivers leave also applies to pre-existing medical conditions that were aggravated by the service member’s active-duty service in the military. The FMLA definitions of “serious injury or illness” for current service members and veterans are distinct from the FMLA definition of “serious health condition”.

An employee who has a qualified family relationship with a covered service member may take up to 26 weeks of leave during a single 12-month period. A qualified family relationship is a spouse, parent, son or daughter, or next of kin. The leave entitlement described in this paragraph applies on a per-covered service member, per-injury basis, such that an eligible employee may be entitled to take more than one leave if the leave is to care for a different covered service member or to care for the same service member with a subsequent serious illness or injury, but the employee is limited to a total of 26 weeks of military caregiver leave in any single 12-month period. No more than 26 weeks total of FMLA leave may be taken within any single 12-month period to care for a covered service member. Spouses who are employed by the same covered employer may be limited to a combined total of 26 workweeks of leave during the single 12-month period for military caregiver leave.

An employee may take FMLA leave for up to 12 weeks for a Qualifying Event in the same 12-month period in which an FMLA leave is taken to care for a covered service member.

The Board will provide the employee with a copy of the Department of Labor Form [Certification for Serious Injury or Illness of Covered Service member for Military Family Leave](#) or [Certification for Serious Injury or Illness of a Veteran for Military Caregiver Leave](#) to be completed by the employee and an authorized military health care provider of the covered service member. The employee may present certain military certifications such as “Invitational Travel Orders” or “Invitational Travel Authorizations” for purposes of certification that must be accepted by the Board.

If the certification is incomplete or unclear, the employee is to be given seven (7) additional calendar days to provide more complete information. Recertification’s and second or third

opinions are not permitted in connection with respect to leave to care for a covered service member.

The Superintendent or a person designated by the Superintendent may contact the covered service member's health care provider for clarification and/or authentication of the medical certification. Under no circumstances may an employee's direct supervisor contact the health care provider. Attempts to clarify or authenticate a medical certification shall not result in obtaining additional medical information.

C. Certification and restrictions on leave.

The Board may require that an employee's leave to care for the employee's covered family member with a serious health condition, or due to the employee's own serious health condition that makes the employee unable to perform one or more of the essential functions of the employee's position, be supported by a certification issued by the health care provider of the employee or the employee's family member. The Board may also require that an employee's leave because of a qualifying exigency or to care for a covered service member with a serious injury or illness be supported by a certification. An employer must give notice of a requirement for certification each time a certification is required; written notice must be provided whenever the Board is required to determine eligibility for FMLA leave. An oral request by the Board to an employee to furnish any subsequent certification is sufficient.

The employee must provide the requested certification to the Board within 15 calendar days after the Board's request, unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts or the Board provides more than 15 calendar days to return the requested certification. The employee must provide a complete and sufficient certification to the Board. The Board shall advise an employee whenever it finds a certification incomplete or insufficient and shall state in writing what additional information is necessary to make the certification complete and sufficient. A certification is considered incomplete if the Board receives a certification, but one or more of the applicable entries have not been completed. A certification is considered insufficient if the Board receives a complete certification, but the information provided is vague, ambiguous, or non-responsive. The Board must provide the employee with 7 calendar days (unless not practicable under the particular circumstances despite the employee's diligent good faith efforts) to cure any such deficiency. If the deficiencies specified by the Board are not cured in the resubmitted certification, the Board may deny the taking of FMLA leave. A certification that is not returned to the Board is not considered incomplete or insufficient but constitutes a failure to provide certification.

The Superintendent or a person designated by the Superintendent may contact an employee's health care provider for clarification and/or authentication of the medical certification. Under no circumstances may an employee's direct supervisor contact the health care provider. Attempts to clarify or authenticate a medical certification shall not result in obtaining additional medical information.

At the time the Board requests certification, it must also advise an employee of the anticipated consequences of an employee's failure to provide adequate certification. If the employee fails to provide the Board with a complete and sufficient certification, despite the opportunity to cure the certification, or fails to provide any certification, the Board may deny the taking of FMLA leave. In all instances when certification is requested, it is the employee's responsibility either to furnish a complete and sufficient certification or to furnish the health care provider providing the certification with any necessary authorization from the employee or the employee's family member in order for the health care provider to release a complete and sufficient certification to the Board to support the employee's FMLA request.

An eligible employee may take up to 12 weeks of unpaid leave to care for the employee's son or daughter with a serious health condition. For purposes of the FMLA, the terms "son" or "daughter" mean a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing *in loco parentis*, who is either under age 18, or age 18 or older and "incapable of self-care because of a mental or physical disability" at the time that FMLA leave is to commence. "Incapable of self-care" requires active assistance or supervision to provide daily self-care in three or more "activities of daily living." For purposes of this policy, a spouse does not need to establish an "*in loco parentis*" relationship with a child to exercise their rights. In the absence of a marriage, as recognized under this policy, an employee may exercise his/her rights pursuant to the FMLA to care for a child when that employee stands *in loco parentis* to that child. Persons who are "*in loco parentis*" include those with day-to-day responsibilities to care for or financially support a child. A biological or legal relationship is not necessary.

In the absence of a biological or legal relationship and/or for purposes of confirmation of family relationship, the Board may require the employee giving notice of the need for leave to provide reasonable documentation or statement of family relationship. This documentation may take the form of a simple statement from the employee, or a child's birth certificate, a court document, etc. The Board is entitled to examine documentation such as a birth certificate, etc., but the employee is entitled to the return of the official document submitted for this purpose.

Entitlement for childcare ends at the end of the 12-month period beginning on the date of birth. Entitlement for childcare ends at the end of the 12-month period beginning on the date of placement. The childcare entitlement applies to parents in a marriage, as recognized under this policy, and unmarried individuals acting "*in loco parentis*."

When the Board employs both spouses, the total amount of Family and Medical Leave shall be twelve (12) weeks combined, when the leave is taken for birth of the employee's son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care or to care for the child after placement, or to care for the employee's parent with a serious health condition. Leave taken for other qualifying events shall not be subject to this restriction.

D. Qualified Employee.

A Board employee must meet the following criteria to be a "qualified employee" eligible for family and medical leave:

1. An employee must be employed by the Board for more than 12 months of active service, which need not be 12-consecutive months.
2. An employee must have worked more than 1,250 hours in the 12 months prior to the commencement of FMLA leave.
3. An employee must be employed at a worksite where 50 or more employees are employed within 75 miles of that worksite.

Service Member Time in the military service covered under the Uniformed Services Employment and Reemployment Rights Act (USERRA) will count towards fulfilling the length of employment and hours of work requirements to be eligible for an FMLA leave.

E. Use of Paid Leave.

If an employee does not elect to use accrued paid leave, he/she will be required to use all accrued, unused paid vacation, personal, sick, compensatory time, and/or PTO as a substitute for unpaid Family and Medical Leave. Such paid leave will run concurrently with and be counted toward the 12 workweeks of leave. Once all paid leave is exhausted, any remainder of the Family and Medical Leave shall be unpaid.

F. Coverage Period; Intermittent Leave.

A qualified employee is entitled to take up to a total of twelve (12) weeks of a combination of paid and unpaid leave per year (as defined by the Board) for a qualifying event.

Leave under qualifying events 1 or 2 will not be taken by an employee intermittently or on a reduced leave schedule unless the employee and the Board agree otherwise. Leave taken under qualifying events 3, 4, and Section B may be taken intermittently or on a reduced leave schedule when medically necessary. If an employee requests intermittent leave or leave on a reduced leave schedule, the Board may require the employee to transfer temporarily to an available alternative position for which the employee is qualified and that has equivalent pay and benefits and better accommodates recurring periods of leave than the regular employment position of the employee. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis. Upon return to work from such leave, the employee will be returned to his/her former position, or an equivalent position.

G. Benefits.

Qualified employees who take family or medical leave under this provision are entitled to the continuation of health and dental care benefits during the period of family or medical leave or military caregiver leave. The Board will continue to pay the Board's share of the health and dental insurance premiums during any family or medical leave or military caregiver leave. If the employee should exhaust all paid leave during the Family and Medical Leave, the employee shall make arrangements with the Board to pay the employee's share of health insurance costs prior to the beginning of the unpaid Family and Medical Leave. The Board is entitled to recover the premium paid by the Board for maintaining insurance coverage for the employee if the employee fails to return after the expiration of the family or medical leave to which the employee is entitled under this act for a reason other than (1) the continuation, recurrence, or onset of either a serious health condition of the employee (Qualifying Event 3) or the employee's family member (Qualifying Event 4), or a serious injury or illness of a covered service member; or (2) other circumstances beyond the control of the employee.

Qualified employees do not accrue seniority or benefits, other than health and dental care benefits during the time of family or medical leave unless they are in active pay status using sick leave or vacation leave. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

H. Designation of Leave.

It is the responsibility of the Board, through the Superintendent or designee, to designate employee absences as FMLA leave or not FMLA leave. This is the case whether or not an employee wishes to have absences designated as FMLA leave, and whether or not the employee has requested FMLA leave. The Board may request from the employee, and the employee will provide to the Board, such information as is reasonably necessary for the Board to determine whether an employee absence qualifies for FMLA leave. The Board will act reasonably in determining whether an absence qualifies for and/or is designated FMLA leave.

The Board shall inform an employee requesting leave whether he/she is eligible under the FMLA. If the employee is eligible, the Board will provide the employee with all appropriate forms and notices required or authorized by the FMLA including the employee's rights and responsibilities. The Board will notify the employee that the leave will be designated as FMLA-protected leave and the amount of leave counted against the employee's entitlement. If the employee is not eligible for FMLA leave, the Board will provide the employee as to the reason for ineligibility. If the Board determines that the leave is not FMLA-qualifying, the Board will notify the employee.

I. Notifications and Timeframes.

The qualified employee will give the Board at least 30 days' notice of the date family or medical leave when the need is foreseeable. Otherwise, the employee shall provide notice as soon

as practicable under the facts and circumstances, and generally must comply with the Board's normal call-in procedures. Employees must comply with established procedures for requesting leave, including paid leave.

Employees must provide sufficient information for the Board to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, a family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the Board if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees will be required to provide a certification and periodic recertification supporting the need for leave.

The qualified employee will provide the Board-certified information from the health care provider (licensed Doctor of Medicine or osteopathy) of the employee, employee's spouse or immediate family member upon requesting utilization of family or medical leave. Such certification will include:

1. The date the condition began;
2. The anticipated duration of the condition;
3. The necessity of the leave;
4. The inability of the employee to perform job functions.

The Board may, at its expense, request a second or third opinion from a health care provider. When certification is requested for FMLA approval, it is the employee's responsibility to provide the employer with timely, complete, and sufficient certification and failure to do so may result in delay or denial of FMLA leave. If the certification is incomplete or unclear, the employee is to be given seven (7) additional calendar days to provide more complete information.

Before being permitted to return to work from a leave for the employee's own serious health condition, the employee shall be required to provide certification from his or her health care provider that the employee is able to resume work and perform the essential functions of the employee's job. If state or local law requires that a public health official examine an employee as a condition for returning to work, the employee must fulfill this obligation.

In cases where an FMLA leave is for a qualifying exigency, the Board shall provide the employee with a copy of the Department of Labor form [Certification of Qualifying Exigency for Military Family Leave](#) to be completed by the employee. The completed form along with the documentation that the employee provides will be used to determine if the leave request qualifies and the length of the leave.

J. Reinstatement after leave.

Upon return from leave under this policy, the employee shall be restored to his/her former position or an equivalent position with equivalent pay, benefits, and other terms and conditions of employment, to the extent required by law. However, no employee is entitled under this policy to any right, benefit, or position other than that to which the employee would have been entitled had he/she not taken leave. The FMLA contains a limited exception to the restoration provision for certain highly compensated employees (“key employees”) under certain conditions. Employees determined to be key employees and to whom the Board intends to deny restoration will be notified in writing at the time the employee gives notice of the need for FMLA leave or as soon thereafter as the Board makes such determination.

K. Definition of “Year”.

For purposes of the Board’s Family and Medical Leave Act policy, a “year” means a “rolling twelve-month period measured backward from the date an employee uses any FMLA leave”. This rolling 12-month period means that each time an employee takes FMLA leave, the remaining leave balance would be any balance of the 12 weeks which has not been used during the immediately preceding 12 months. For example, if an employee has taken eight weeks of leave during the past 12 months, an additional four weeks of leave could be taken. If an employee used four weeks beginning February 1, 2008, four weeks beginning June 1, 2008, and four weeks beginning December 1, 2008, the employee would not be entitled to any additional leave until February 1, 2009. However, beginning on February 1, 2009, the employee would again be eligible to take FMLA leave, recouping the right to take the leave in the same manner and amounts in which it was used in the previous year. Thus, the employee would recoup (and be entitled to use) one additional day of FMLA leave each day for four weeks, commencing February 1, 2009. The employee would also begin to recoup additional days beginning on June 1, 2009, and additional days beginning on December 1, 2009.

L. Unlawful Acts.

The FMLA makes it unlawful for the Board to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

M. Enforcement.

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

The FMLA does not affect any Federal or State law prohibiting discrimination or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

SECTION 6.19: PROFESSIONAL LEAVE

- A. Professional Leave.
 - 1. Staff members may be granted professional leave which must be specified by the administration and jointly selected by the staff member and his/her supervisor.
 - 2. Requests for professional leave will be submitted through the staff member's supervisor to the Superintendent as far in advance of the requested date as possible.
 - 3. The decision of the Superintendent will be final.
 - 4. Reimbursement for expenses at the approved rates and registration fees may be authorized.
 - 5. Records of all in-service training will be maintained in the Personnel Office. Current program year records are held by the respective administrators then filed annually in the Personnel Office.
